How to use it

Type

Display: Bricolage Grotesque. Body: Plus Jakarta Sans. CPT and cash: IBM Plex Mono, tabular-nums. Tagline is always uppercase, tracked, Teal Ink, and keeps the period: Fair for All.

Rate color

Bronze Ink is the published cash figure — never decoration. Teal Ink is the quiet Medicare needle. Do not bring back chargemaster amber #d97706.

Logo on paper

Print and PDF sheets use the color wordmark on mist or white. Night surfaces use logo-white.png. Leave one node-diameter of clear space. Do not recolor the helix.

Don'ts

Do not call a tick insurance, a bid, or a guaranteed quote. Do not use teal or raw bronze for body copy on white. Do not edit shared @crm-eco/ui tokens — this brand lives in apps/cashpay only.
